also assigned as Gam Jana, on which some Sowkale-class of people lived in 1874. Both the Survey Nos: 4 and 25 are reported to be lying waste for several years past.

3 In the present Gam Jana there are 30 houses with 170 people and 240 Cattle. The Survey No: 25 applied for by the Patel is so far from the said Gamtana that there is no likelihood of their constructing any house on it. As the people of the village agree to the grant, and the remaining extent of village site, viz: 4 acres and 37 guntas, is sufficient for building purposes. The land applied for may be disposed of under the Darkast Rules after having the same assessed by the Revenue Survey Department.

Sir,

I have the honour to recommend the appropriation for dry cultivation of survey No. 25 measuring 1L Acres and 8 guntas, assigned as Gavn Jana in the village of Bhamanahalli, Hirenallur Hobli, Kadur Taluk.

2. Chik Timme Gowda, the Patel of Bhamanahalli Village, has applied for the said land for cultivation purposes as also for keeping off cattle from trespassing his land, viz: Survey No: 24, adjoining Survey No: 25.

3. The villagers have no objection to the grant of the land applied for as it is not useful for building purposes and as it is a mile off their present Gavn. Jana, which measures 3 Acres and 25 guntas. Besides this, it is stated that another land, Survey No: 4, measuring 1 Acre and 12 guntas, is also

Enclosure No. 1 & Vernacular papers.

The undersigned has the honor to submit for sanction the accompanying statement shewing an area of 1 acre and 24 guntas of land proposed to be alienated out of Survey No: 15 of the holding of one Lingappiah in the Bomlapur village, Koppa Taluk.

2. In the year 1892-93 Lingappa complained that about 4 acres of his land (1 portion of

Survey

survey No. 157) had been washed away several years ago by a Pulla feeding the Penga River and claimed remission of the proportionate assessment due on the portion said to have been washed away.

3. It was ascertained after enquiry that about one acre and 26 guntas of land as measured by the Taluk Sheikdar was lost by diluvion, and in the Fasli Jeevabundi of 1892-93 orders were passed by Mr. Sparkes remitting the proportionate assessment on 1 acre and 26 guntas of the land in question, pending Government sanction.

4. In the present Pukka measurement, made by a measurer, it was found that the actual area lost by diluvion was 1 acre and 24 guntas, or 2 guntas less than the area reported by the Sheikdar. The said area (a. 1. G. 24) is more than half an acre and exceeds one-tenth of the holding. Hence the submission of an alienation statement for approval.

5. The Vernacular papers enclosing with Koppa Amildar's report No. 1061 dated 11th instant are herewith submitted for reference & favor of return.
